

April Song and Poem

Flowers, Leaves, Stems and Roots

Tune- "Head, Shoulders, Knees and Toes"

Flowers, leaves, stems and roots (stems and roots)

Flowers, leaves, stems and roots (stems and roots)

Please don't sneeze,

There's pollen in the breeze!

Flowers, leaves, stems and roots (stems and roots)

Five Little Robins

Five little robins sitting in a nest.

The first one said, "I've had enough rest."

The second one said, "Let's fly from the tree."

The third one said, "That sounds good to me."

The fourth one said, "I'm hungry for some lunch."

The fifth one said, "I see worms we can munch."

So the five little robins all left their nest to go out and do what robins do
best!
